An underwater photograph of a coral reef. The water is clear and blue, with sunlight filtering through from the surface, creating a shimmering effect. In the foreground, there are large, rounded coral structures covered in green algae. The background shows a vast expanse of water with many small fish swimming. A black rectangular box with a thin white border is centered in the upper half of the image, containing white text.

# Welcome to our Paradise

Tahiti is the hub of French Polynesia and the gateway to our many Islands including Bora Bora, Morea, and more than 20 small airports on the various Islands that make up our territory. Our FBO services will probably surprise you by the quality and dedication of our experienced staff and state-of-the-art ground equipment. We can also handle maintenance issues with your home base engineer's advice.

Our concierge services are discreet and handle a distinguished clientele day in day out. From booking hotels, ground excursions, arranging ground transportation with a chauffeur capable of guiding you around in a private fashion. We can arrange your entire stay, including a visit to my famed Pearl Museum and all your dining, entertainment and sports activities. In the meantime we will pamper your aircraft, keep it secured, provide pre-start cooling and assist you with all your needs. Finally you will leave our beautiful Island Paradise with our outstanding Catering. Our local chefs prepare culinary creations that are a melting pot of French, Asian, Polynesian and Fusion cuisine.
