

Press release, June 2010
For immediate release!

The Robert Wan Group is proud to announce the opening of their brand new FBO based at Faa'a airport in Papeete, French Polynesia. With ultra modern ground service equipment and a devoted, experienced staff; the FBO enhances Tahiti, the main Island of French Polynesia, as a leading private jet tourism destination. It features a full service FBO facility, with complete concierge services, hangars, emergency maintenance assistance as well as Jet-A and Av-Gas 100LL refuelling services. Also, users can clear customs and immigration at the new facility.

FRENCH POLYNESIA is a set of 128 islands occupying an area as vast as Europe. Tahiti is the main island with Papeete as the capital. The international Airport is located in Faa'a, one of the 21 municipalities of Tahiti. Tahiti is the main hub for all the other islands, like Moorea, Bora Bora and 20 other small airports. You will normally clear customs as well as refuel at Faa'a since ground handling and Jet fuel is very limited in the Islands.

TAHITI' S NEW TASC FBO

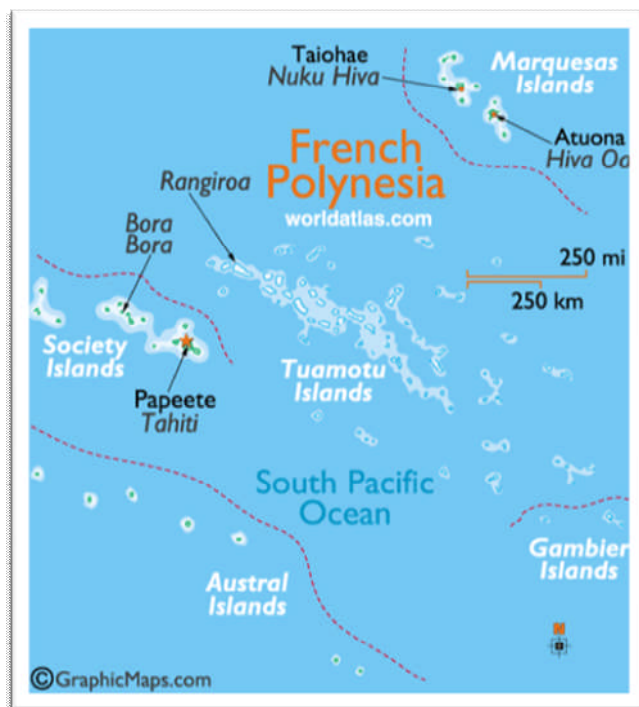

Is there to satisfy each of your specific needs; offering complete FBO Services on a 24/7 schedule.

You will discover Polynesian warmth upon your arrival with a welcoming gift of beautiful flower leis and tropical fruit juice refreshments.

Our customer service host will welcome you and look after all your needs with complete discretion. A cozy VIP lounge to relax where you will be served complimentary refreshments (tea, coffee, soda, and water), an Internet/Wi-Fi access, a Robert Wan Tahiti Pearl kiosk, a private crew lounge, with 2 bathrooms equipped with a shower.

We will introduce you to Tahitian Pearls, thanks to our exclusive on site pearl kiosk. We can also arrange private shopping in our exclusive boutique or at the famous Robert Wan Pearl Museum.

Flight planning, weather briefing, and route filings are available via the Internet station in the pilots lounge.
